

Start branch of Dnyandeep at Your Place

[Dnyandeep Infotech Pvt. Ltd.](#) (Established in 2000) and [Dnyandeep Education & Research Foundation](#) (Established in 2005) have a long track record of designing educational websites, apps and software packages in regional languages.

Considering the need to **Work From Home** due to **Post-Corona** scenario, we have launched a scheme of collaborative self learning and doing freelance projects in various fields.

We wish to build a network of local support centers which will coordinate local activities and help in getting projects for the freelance workers.

Rules of participation as a member are given at <https://dnyandeep.net> membership section.

Those who wish to start local branches will get 50 percent share of the remuneration received by Dnyandeep Foundation.

Dnyandeep Infotech Pvt. Ltd. can issue internship and experience certificates after assessment by guide and external experts.

We hope that this scheme will give new opportunities to teachers, experts and professionals to impart knowledge and unemployed people can earn through collaborative working on projects. Even students and professionals already in service can become guides for courses.

In the new digital edge, education and business does not require rigid framework of infrastructural facilities and hierarchical administrative setup for monitoring and award of degrees like colleges and universities. Same is the case for business.

Digital India, Make in India and education & employment to all is possible if such virtual, Indian origin systems start working.

Dnyandeep Foundation wishes to work as an ideal cooperative society with benefit to all and collective strength equivalent to global MNCs.

Note - This is a draft proposal and shall be modified after considering the views and suggestions expressed by all interested to participate in this dream project.

I request all to send their comments to me on my mail address drsvranade@gmail.com. I am sure, we shall be able to develop new virtual platform for education and career.

- **Dr. S. V. Ranade, Chairman, Dnyandeep Foundation, Sangli** (<https://dnyandeep.net>)
